The 23rd World Congress of Chinese Medicine

do not include any confidential content. Authors are responsible for the authenticity and objectivity of the content and bear all liabilities arising from their papers.

3. Papers must include an abstract in both Chinese and English (Chinese abstract not exceeding 300 characters). Full text may be submitted; the full text (excluding references) should not exceed 3,000 words.
4. The compilation of abstracts (electronic version) is part of the conference proceedings and will not be included in any major indexing databases.

VII. Acceptance Instructions

1. All conference participants may submit papers. All submissions will be reviewed by the academic expert panel. Those that pass the review will be included in the electronic compilation of conference abstracts. Acceptance results will be displayed on the personal page of the registration system. If you need an acceptance letter, please submit a request in the registration system after your paper has been accepted, and download the letter yourself.
2. Those interested in giving an oral presentation at the conference should apply through the "Academic Presentation" section of the Conference Registration System. After review by the academic expert panel, selected submissions will be recommended for presentation. For an oral presentation, a paper must be submitted, and the presentation content must be consistent with the content of the paper. The presentation session and schedule will be arranged by the conference organizing committee based on the overall program.

VIII. Participants: Relevant government officials; experts, scholars, and enterprise representatives from the fields of TCM, traditional medicine, integrative medicine, modern medicine, and related areas engaged in healthcare, education, research, management, production, culture, and trade; members of WFCMS.
